

## DAPM R V Dental College Dept. Of Periodontics

---

### Annexure – 1 Report

Department of Periodontics, DAPM RV Dental College, Bangalore in association with Bangalore Academy of Periodontology (BAP) conducted Periogoshti Series II Seminar for the benefit of the post graduate students on 30<sup>th</sup> July 2025.

This seminar aimed at a series of presentation on Genetics and Periodontal Diseases. Seminar was in hybrid mode and it started around 1:00 pm and continued till 4pm. A total of 69 participants participated in the seminar both in online and off line mode. Dr. Sapna N welcomed all participants by giving a brief overview about Periogoshti. Post graduate student speakers and their topic of presentation was introduced by Dr. Abinaya and Dr. Aastha. Post graduate students from four colleges presented the seminar on different sub topics, Dr. Pranisha from DAPM R V Dental College introduced the terminologies and genetic study designs followed by Genetic syndromes associated with Periodontitis by Dr. Pratyusha Kateel of V. S. Dental College, Dr. Sahin Mollick from Dayanand Sagar College of Dental Sciences presented Gene polymorphism in periodontal disease, this was followed by Gene therapy in Periodontics by Dr. Nileena Dilip of Vydehi Institute of Dental Sciences. At the end of each presentation there was a brief discussion of the topic. Senior periodontist Dr. Vandana K L participated actively and gave her expert opinion. Many senior periodontist, members of Bangalore Academy of Periodontology actively participated in the presentation giving their valuable inputs to the speakers. Overall the entire session enhanced the knowledge about role of genetics in periodontal diseases and their clinical significance. Open online quiz was shared among the participant to assess their level of knowledge expansion after the presentation. The session concluded with vote of thanks by Dr. Vinodhini followed by refreshments.
